

## HINCESTI DISTRICT

**Elena MORARU TOMA, civil servant, main specialist**

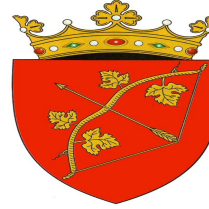

# Welcome to Hincesti !

## Characteristics of the area

- ❖ Located in the heart of the country, in the old woods Hîncești district is truly a visiting card of Moldova.
- ❖ The district of Hîncești has a surface of over 1480 square km, 63 localities and approximately 120,000 inhabitants, this makes it among the top 3 largest districts in the country.
- ❖ Its territory is crossed by the international auto M21 Corridor Balkans and through the international customs Leușeni it is recorded the movement of goods, passengers and tourists traveling to and from the European Union.
- ❖ The administrative center of the district is the city **Hîncești** -populated by about 18 thousand citizens, with an impressive dynamics.
- ❖ **Favorable natural conditions of the district** means a real strength that was taken into account in identifying key investment priorities.
- ❖ A relatively new branch for the district is **cultivating medicinal and aromatic oil plants and producing oils out of them**: lavender, sage, dill and others.
- ❖ Hîncești district has great resources in the **alternative energy production**, particularly biomass, but also the photovoltaic and wind energy.
